

## Single / Three Phase Fan Speed Controllers

- Models XV 05PD / XV 10PK / XV 22PK
- Choked phase speed controllers to control pressure and temperature in refrigerating systems including cooling fans
- Inputs for regulation by temperature and pressure
- XM600 series compatible (4±20mA/0÷10V or OC/PWM output) for anti-sweat heaters or evaporator fans applications.
- Direct or inverse action for condenser or evaporator fans.
